Why choose Hybrid Technical Services?

- 1. Small class sizes**
 Class sizes at Hybrid are no larger than 8, allowing for more focused attention to learning and assessment.
- 2. Year-round availability**
 Hybrid operate 50 weeks of the year for apprenticeships, allowing for greater flexibility and consistent training levels.
- 3. Industry experts**
 Hybrid teaching and assessment is carried out by industry leading specialists who are both expert engineers and experienced educators to train the highest standard engineers of the future.
- 4. Professional learning environment**
 Designed to encourage a mature attitude to learning and prepare apprentices effectively for life in the workplace.
- 5. Uniform, Equipment and Refreshments provided for all apprentices as standard**
 Apprentices can enjoy breakfast from 8.00am to 8.45am each day courtesy of Hybrid.
- 6. Transport**
 Free daily transport to and from City Centre locations to Hybrid.
- 7. Commercial training and progression**
 Hybrid offer a clear pathway to higher level study and professional training and assessment. We pride ourselves on being the provider of choice for lifelong professional development in the engineering sector.
