

PLACED ACADEMY STUDIO

**NOW ACCEPTING APPLICATIONS
FROM YOUR YOUNG PEOPLE!**

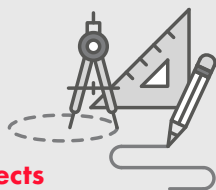

PLACED Academy is an award-winning, free-to-access educational programme about the built environment for young people across the Northwest. The PLACED Academy aims to empower young people to shape the places we live, work, and spend time.

Over the years, PLACED Academy has been asked to run programmes for younger groups keen to learn more about careers before deciding their options. In response, we've decided to run two programmes for young people in years 7, 8 & 9 in the February Half Term, one in Liverpool and one in Manchester. These programmes – the **PLACED Academy Studio** – will be delivered over 2-days, giving participants a taste of the PLACED Academy and the wider sector.
