Liverpool City Region

Pathways: Parent and Carer Information Sessions

Digital & Creative Sector Session Links

- A recording of this session can be found, via YouTube, **here**

- A copy of the session slides is available for download via this **link**

If you have any questions regarding the session or information, please email support@allaboutstem.co.uk

LCR Be More

- **LCR Be More** provides Liverpool City Region specific apprenticeship information, vacancies and local labour market information.

- You can also find **handy occupational maps** which detail pathways in the digital & creative industries.

Screen Skills

- **Screen Skills** gives information on the film, TV, VFX, animation and games industries in the UK. You can explore the **job profile matcher** or other handy **careers resources** through their website.

Into Games

- The **IntoGames Careers Hub** provides useful information on the games industry in the UK, including the **Entry Level Skills Hub** and **events.**

Digital Skills Courses and Training

- **Learn My Way** offers free, online courses to develop digital skills including using Microsoft programmes and using the internet safely.

- Find out more about Digital Skills and Inclusion from the Liverpool City Region Combined Authority **here**.

Work Experience and Training Programmes

- **SpringPod** offers free, virtual work experience in a variety of sectors including digital & creative industries. Programmes may be subject to applications or specific eligibility criteria.

- The **Sound Check Training Programme** @ Future Yard, Birkenhead, has 3 programmes (subject to eligibility criteria) which offer industry experience and opportunities in the live music sector.

- **Creating Careers: A Step Ahead** allows students to build skills, knowledge and experience to work in health and care.
