Award the following marks

Criteria	0–3	4–6	7–10
House layout	Attractive home but some of the features are in the wrong place or have been missed off. May be unfinished.	The home layout is correct, but unattractive or messy.	The home layout is correct, fully finished and attractive. Additional features may be shown.
Pricing	The pricing is incomplete.	The pricing is complete but contains errors.	The pricing is complete and correct
Renewable and sustainable features	The house does not have two renewables	The house does have two renewables, but the team can't justify their decisions.	The house has two renewables that have been well thought out. The team can explain their decisions well.
Presentation	Not all team members contribute to the presentation.	All team members take part in the presentation, but they do not get their message across in the time allowed.	All team members stand up and present their ideas clearly within the time allowed.
Teamwork	The team didn't gel and most of the individuals worked in isolation.	The team had some difficulties but were able to work through them. Some decisions were made without consulting the rest of the team.	Individuals worked well in their job roles, came together to make decisions or offered help to others.

Teamwork will need to be judged throughout the activity. It can be used as the tie breaker.
